# led profile

Our PROFESSIONAL led profile series for surfaces/hanging applications is manufactured in high purity aluminium and silver anodised. Its inner tray (were we can find the led and the power supply) can be removed from the front which means easy maintenance. It is suitable for hanging, surfaces and walls (providing Up&Down lighting); drivers can be housed inside. This profile can be combined with a white frosted cover ("easy-ON" system), to achieve a waterpoofing of IP65 (very necessary in damp zones). We also have available Black&White covers and also microprism versions in transparent or frosted, which improve glare and UGR levels. Both profile and covers are available in lengths of 6m, allowing us to carry out long installations without joints.
**We offer a 10 year guarantee on the profiles and 4 year guarantee on the covers.**

## MUNICH MAGNUM SLIM

IP65

**Aluminium profile**
17.004    anodised silver      6m
17.005    lacquered white    6m
17.006    lacquered black    6m

**"easy-ON" polycarbonate cover (Down)**
18.070    frosted                          6m
18.071    transparent microprism    6m
18.072    frosted microprism          6m
18.073    Black&White                    6m

**Methacrylate cover (UP)**
18.014    transparent          2m
18.015    frosted                  2m

18.016    transparent          6m
18.017    frosted                  6m

**Polycarbonate cover (UP)**
18.146    frosted              2m
18.148    opal                  2m
18.152    transparent      2m

18.145    frosted              6m
18.147    opal                  6m
18.151    transparent      6m

**Aluminium tray**
15.007    lacquered white    6m

**Aluminium endcaps with hole**
19.234    anodised silver
19.235    lacquered textured white
19.236    lacquered textured black

**Hanging kit**
21.001    chrome          set of 2 units
21.002    white              set of 2 units
21.003    black              set of 2 units

**Safety cable**
22.039    steel 18cm
